Welcome to the world of Rocksolar! This manual will guide you through the proper usage of the Rocksolar 2.1mm Female to Alligator Clips.

Package Content:

1. Product Overview
2. Safety Instructions
3. Connection Procedure
4. Maintenance and Care
5. Troubleshooting
6. Warranty and Support

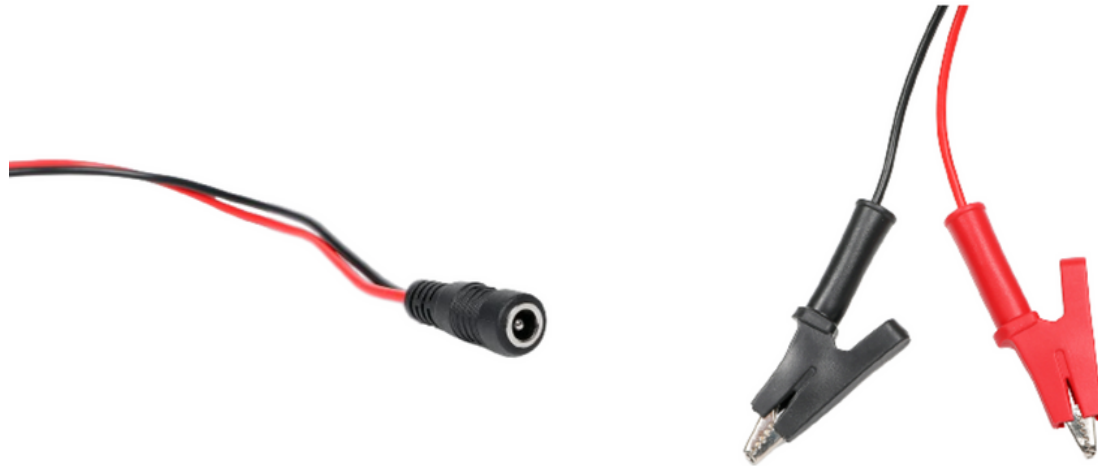

Product Overview:

The Rocksolar 2.1mm Female to Alligator Clips is designed to establish a robust connection between your 12V Rocksolar Lithium batteries and devices requiring clamp terminal connectivity.

Features:

1. 16 AWG wire
2. 11.8-inch length
3. 10A max current
4. Designed for LP12-10, LP12-50, and LP12-100 Rocksolar Lithium batteries

Safety Instructions:

- **Always inspect the cables for any visible damages before use.**
- **Avoid using the product near water or in extremely humid conditions.**
- **Never connect the alligator clips to each other (short circuit) as it may cause damage or injury.**
- **Ensure devices connected are compatible with the power specifications of the battery.**

Connection Procedure:

- **Inspect the cable and ensure it's free from any visible damages.**
- **Connect the 2.1mm female DC jack to the corresponding male DC outlet of your device.**
- **Attach the alligator clips to the battery terminals – red to positive (+) and black to negative (-).**
- **Power on your device to commence the power flow.**

Maintenance and Care:

- Regularly inspect the cables for any signs of wear, tear, or damage.
- Clean the cable using a soft cloth; avoid using any abrasive materials or solvents.
- Store in a cool, dry place when not in use.

Troubleshooting:

- **Issue: No power transmission.**
 - **Solution: Check the connections and ensure they are secure. Verify that the battery has charge.**
- **Issue: Overheating of the cable.**
 - **Solution: Disconnect immediately and check for any short circuits or device compatibility issues.**

Warranty and Support:

Rocksolar backs the 2.1mm Female to Alligator Clips with a limited warranty. For warranty details and support, visit our website or contact our customer service team.

We hope this manual provides clarity on the usage of the Rocksolar 2.1mm Female to Alligator Clips. Enjoy your product, and always prioritize safety!
